

Imperial facility entry restrictions and pre-travel health screening

The following are restricted from entering Imperial/ExxonMobil Canada facilities and/or attending Imperial/ExxonMobil Canada meetings or events, even if held offsite, for a period of 14 days.

Any **employee, visitor or contractor** who has either (a) travelled for business or personal reasons outside of Canada or (b) has been in contact with someone diagnosed with COVID-19 must do the following:

- 1. Inform their supervisor, notify MOH, and self-isolate and monitor for illness for 14 days from the last day of travel outside of Canada or the last day of contact with a COVID-19 case.
 - a. Please contact MOH before the end of your 14-day self-isolation period to confirm your clearance to return to work.
- 2. If at any time during your 14-day self-isolation and monitoring period you develop symptoms such as fever, cough, sore throat, shortness of breath, or difficulty breathing you should contact your local public health/ health care provider* immediately and follow normal absence reporting by calling **

*Employees in Alberta are encouraged to use the AHS online-screening tool before calling 811

**Morneau Shepell will notify MOH of all potential COVID19 related absences

Imperial site access health screening protocol

Due to increased spread of COViD-19 and in order to prevent employees, visitors and contractors who are ill, or who may be at increased risk, from entering the Imperial worksite, **site access health screening is in effect** and will take place daily at designated Canadian North Flight Centres in Edmonton (Terminal 3), and at the Norman Wells CPF medical facility for those individuals traveling from Yellowknife.

- All workers and visitors will be required to:
 - complete, sign and date the consent to participate and release of information attached;
 - complete a pre-travel/access screening questionnaire and participate in temperature screening;
 measures will be taken to ensure privacy while undergoing screening
- Any worker who refuses to complete, sign and date the consent to participate and release of information attached or refuses to participate in the screening will be denied access to travel to site
- The health screening questionnaire and temperature screening will be administered by a qualified health care provider.
- Imperial site access is restricted if
 - You have had any travel outside of Canada within in the last 14-days
 - You have had close contact with a suspect or confirmed COVID19 case in the last 14 days
 - Your temperature is at or above > 38 °
 - You are currently experiencing symptoms of fever, shortness of breath, cough, sore throat, muscle aches, or diarrhea

Fever

Shortness

Cough

Difficulty

Sore throat

Muscle aches

Diarrhea

COVID-19 Imperial Site Access Health Screening Questionnaire

Consent to participate and release of information: By signing this consent, I agree to participate in the Imperial required site access health screening and understand that this screening process and the collection of my personal information for the purpose of monitoring for health and safety risks during the COViD-19 pandemic. I understand that my personal information will be handled in accordance with applicable privacy legislation. I authorize the Mikisew ISOS representative to perform the site access screening and measure/record my temperature. I also release the results of the screening and temperature measurement to the Imperial Occupational Health Department. If I have any questions about this consent or the collection of my personal information as part of this screening process I can contact OHD at (587) 476-4811
