ONTARIO ENERGY BOARD

NOTICE OF A HEARING

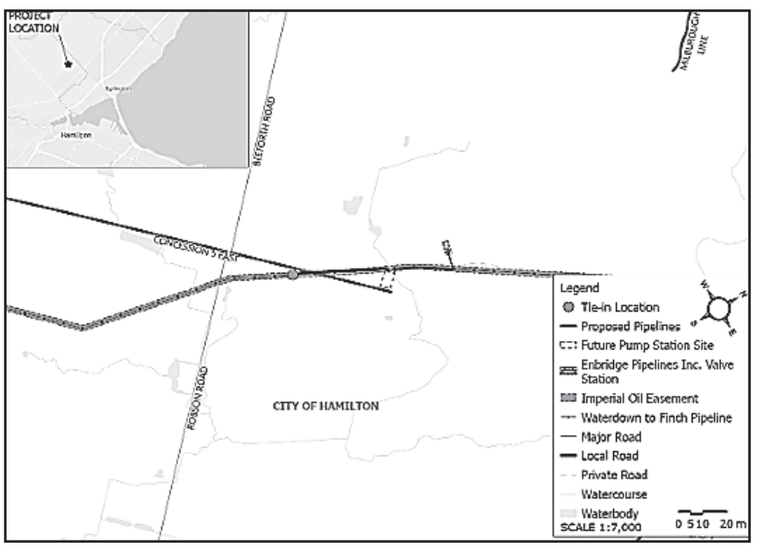

Imperial Oil Limited has applied to construct hydrocarbon pipelines in the City of Hamilton

Imperial Oil Limited (Imperial Oil) has applied to the Ontario Energy Board for approval to construct approximately 1 kilometre of 12-inch diameter pipelines in the City of Hamilton. If approved, the proposed pipelines would replace existing hydrocarbon pipelines that transport refined oil products (gasoline, diesel fuel and jet fuel) and intermediate gasoline streams between Enbridge Pipelines Inc.'s Millgrove Valve Station and the new Imperial Oil Millgrove pump station (west of Concession 5 East) and between the new Imperial Oil Millgrove pump station and a new tie-in point in Imperial Oil's existing Waterdown to Finch Line (east of Concession 5 East).

Imperial Oil says the proposed pipelines are needed as part of its integrity management program to ensure the long-term safe and reliable operation of the Sarnia Products Pipeline system, which serves the Greater Toronto and Hamilton areas.

The proposed pipelines will be located entirely within existing Imperial Oil right-of-way, for which Imperial Oil holds long-term private land rights. However, Imperial Oil Limited is also asking the Ontario Energy Board to approve the form of agreement it offers to landowners for the temporary use of their land during the construction of the proposed pipelines.

The location of the proposed pipelines is shown in the map.

The OEB will also assess:

- The applicant's compliance with the OEB's Environmental Guidelines for the Location, Construction and Operation of Hydrocarbon Pipelines and Facilities in Ontario.
- Whether the duty to consult with Indigenous Communities potentially affected by the proposed pipeline has been discharged with respect to the application.

This hearing will be held under section 90(1) and 97 of the ***Ontario Energy Board Act, 1998***, S.O. 1998, c.15, Schedule B.

YOU SHOULD KNOW

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

There are three types of OEB Hearings: oral, electronic and written. The OEB intends to proceed with a written hearing. If you think a different hearing type is needed, you can write to us to explain why. During this hearing, we will question the applicant about its case. We will also hear questions and arguments from participants that have registered as Intervenors. After reviewing all the evidence, we will decide whether to approve this application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process.

Visit **www.oeb.ca/notice** and use file number **EB-2026-0263** to:

- Review the application
- Apply to become an intervenor
- File a letter with your comments

IMPORTANT DATES

You must engage with the OEB on or before **November 30, 2026** to:

- Provide input on the hearing type (oral, electronic or written)
- Apply to be an intervenor

If you do not, the hearing will move forward without you, and you will not receive any further notice of the proceeding.

PRIVACY

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. If you are a business or if you apply to become an intervenor, all the information you file will be on the OEB website.
